OBJECTIVES

Motivated IT student with a strong foundation in full-stack development. I am eager to apply my technical skills in a professional setting, contributing to innovative projects that require problem-solving and teamwork. My passion for technology drives me to seek an internship where I can further develop my expertise, gain practical industry experience, and grow alongside a supportive team. I am excited about the opportunity to learn from experienced professionals, bring creative solutions to the table, and make a meaningful impact in the field of software development.

SKILLS AND STRENGTHS

- **Programming** – JavaScript, C#
 - **Frameworks and Libraries** – React, React Native, Node.js, Express.js, Socket.IO, Bootstrap
 - **Tools** – MongoDB, Cloudinary, SendGrid
 - **Soft Skills** – Problem-Solving, Time Management, Self-Motivation, Critical Thinking
-

PROJECTS

- **PESO City Government of Taguig Website** - I developed a responsive website for the PESO City Government of Taguig, providing an essential platform for job seekers and employers. Using React and Bootstrap, I created dynamic, mobile-optimized interfaces and integrated MongoDB for data storage and Cloudinary for image and file management. I implemented Node.js for the backend, handling server-side logic and ensuring efficient communication between the database and frontend.
 - **Astereia & Stellar** - Developed "Astereia & Stellar," a local two-player cooperative game in Unity, played on the same keyboard. Designed game mechanics, user interface, and interactive levels for an engaging player experience.
-

EDUCATION

- **Bachelor of Information Technology**
Technological University of the Philippines
Expected Graduation: 2025
- **Senior High School**
Western College I.N.C
Graduation Year: 2020
