OBJECTIVES

Motivated IT student with a strong foundation in web development. I am eager to apply my technical skills in a professional setting, contributing to innovative projects that require problem-solving and teamwork. My passion for technology drives me to seek an internship where I can further develop my expertise, gain practical industry experience, and grow alongside a supportive team. I am excited about the opportunity to learn from experienced professionals, bring creative solutions to the table, and make a meaningful impact in the field of software development.

SKILLS AND STRENGTHS

- **Programming Languages:** JavaScript, C++
 - **Frameworks & Libraries:** React, React Native, Node.js, Express.js, Bootstrap
 - **Databases:** MongoDB
 - **Soft Skills:** Problem-Solving, Critical Thinking
-

PROJECTS

- **PESO City Government of Taguig Website (Ongoing)** – I am developing a responsive website for the PESO City Government of Taguig, providing an essential platform for job seekers, employers, and PESO administrators. Using React and Bootstrap, I am building dynamic, mobile-optimized interfaces. For the backend, I am implementing Node.js and Express.js, ensuring efficient communication with MongoDB for data storage. Additionally, I am integrating Cloudinary for file and image management, SendGrid for email notifications, and Socket.IO for real-time updates, enhancing the platform's interactivity and responsiveness.
-

EDUCATION

- **Bachelor of Information Technology**
Technological University of the Philippines
Expected Graduation: 2025
- **Senior High School**
Western College I.N.C
Graduation Year: 2020
